

Law of Sines:

Name: _____

- In $\triangle ABC$ with sides a, b, c and angles A, B, C :

$$= \quad =$$

- In $\triangle ABC$ given sides a, b, c and angles A, B, C : (height)

$$h =$$

- Area $\triangle ABC$ given sides a, b, c and angles A, B, C :

$$\text{Area} = \quad = \quad =$$
